Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless —

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-11 are rejected under 35 U.S.C. 102(b) as being anticipated by Sato et al (4,390,616 or 4, 436,920; column citation of '616 patent).

Sato et al disclose an image recording material comprising a compound meeting the instant claim limitations in a color photographic material. The compounds in column 9 appear to meet the claim limitations.
